## Customer Reviews

I am about to graduate from LPN school, and someone told me to get this book. It is worth the money. Of course, I'll have to see if it works, but they give you a perspective that you won't obtain from school. Unfortunately, nursing school teaches you content, and tests you that way. Kaplan seems to show you the real deal!

Read this book from to end including all the animations EVERYTHING and you're guaranteed to pass- believe me read ALL the pages and you should do fine

This book is a great book to study for the NCLEX-PN! It gives very helpful test taking tips. It was shipped quickly and in better condition than described!

I passed on the first try.
