Idaho Birds: A Folding Pocket Guide To Familiar Species (Pocket Naturalist Guide Series)

Synopsis

The Gem State's diverse habitats are the permanent or migratory home of 409 species of birds, including the stunning state bird, the sky blue mountain bluebird. This beautifully illustrated guide highlights over 140 familiar and unique species and includes an ecoregion map featuring prominent bird-viewing areas. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

Customer Reviews

Great concept where you have quick access to most commonly seen birds without having to thumb through a several hundred page bird guide. My grandson from Idaho was thrilled with it. Good buy.

This folding pocket guide for Idaho birds is great to have when you are outdoors and need to know a particular bird species.

I ended up buying 2 more of these for people it keeps it simple and local.

I was very disappointed in this. No where in the discription does it say it is a fold up pamphlet. It should have been no more than \$2.98.
